## Year 7 mathematics test

## Paper 2 Calculator allowed

Please read this page, but do not open your booklet until your teacher tells you to start. Write your name and the name of your school in the spaces below.

First name $\qquad$

Last name $\qquad$
School

## Remember

- The test is 45 minutes long.
- You may use a calculator for any question in this test.
- You will need: pen, pencil, rubber, ruler and a calculator.
- This test starts with easier questions.
- Try to answer all the questions.
- Write all your answers and working on the test paper do not use any rough paper. Marks may be awarded for working.
- Check your work carefully.
- Ask your teacher if you are not sure what to do.
$\square$

## Instructions

## Answers

This means write down your answer or show your working and write down your answer.

## Calculators

You may use a calculator to answer any question in this test.

1 The arrow on the number line shows the value 26

(a) Draw an arrow ( $\downarrow$ ) on this number line to show the value 26

20
30
(b) Now look at this number line.

What value does the arrow show?
$\square$

2 John went shopping.
This is how much he spent.

|  |  | $\hat{E}-\operatorname{BREAD}$ <br> £1.15 |  |
| :---: | :---: | :---: | :---: |

Altogether, how much did John spend?
$\mathbb{E}$

3 (a) Complete the missing times.
The first one is done for you.

1 mark

## Quarter past 7 in the evening

(b) Complete the missing time.

$\square$

4 Ben recorded the number of words in the titles of books.
The tally chart shows his results.

| Titles of books |  |
| :---: | :---: |
| one word | H |
| two words | H IIII |
| three words | H H |
| four words | HH HK |
| five words | H1 |
| six or more words | H1111 |

(a) How many books had titles with four words?

(b) Altogether, how many books had titles with fewer than three words?

(c) What was the most common number of words in the title?
words

5 (a) Steve says there are 1000 centimetres in one metre.
Is he correct?
$\geqslant$ $\square$ Yes $\square$ No

Explain your answer.

(b) How many millimetres are in one centimetre?
millimetres
$6 \quad$ A school raised $£ 1758$ for charity.
A newspaper wrote:

School raises nearly $\mathbf{£ 1 8 0 0}$ for charity

Write the missing number in this sentence.

The newspaper rounded $£ 1758$ to the nearest
$\square$

7 (a) Which shape below is shaded $\frac{3}{4}$ grey?
Put a ring round the correct one.
『

(b) Amy says:
$\frac{1}{2}$ of 20 is bigger than $\frac{1}{4}$ of 40

Is she correct?

$\square$ Yes $\square$ No

Explain how you know.

8 Here is a number line.

The number line can help you work out the missing numbers below. The first one is done for you.

$\square$

9 (a) Which number below is four thousand and seven?
Put a ring round it.
47
407
4007
40007
400007
(b) Write in figures the number three million.

10 (a) Terry is facing north.

He turns clockwise through three right angles.
Which direction is he facing now?

(b) Lily is facing east.

She turns clockwise through 90 degrees.
Which direction is she facing now?

(c) Mina is facing west.

She turns clockwise to face north-west.
Through how many degrees does she turn?
$\square$

11 Here is a line on a square grid.
Points $A$ and $B$ are on the line.

(a) The coordinates of point $A$ are $(3,3)$

What are the coordinates of point $B$ ?

(b) Here is a different line on the square grid.

Write the coordinates of any point on this line.

12 Look at this multiplying chain.

Write the missing numbers in the multiplying chains below.

$\square$

13 The table shows information about which primary school pupils went to.

| Name of <br> primary school | Ash | Burgate | Grange | Park |
| :---: | :---: | :---: | :---: | :---: |
| Percentage of pupils who <br> went to that school | $10 \%$ | $40 \%$ | $25 \%$ | $25 \%$ |

Complete the pie chart below to show the information in the table.
Label your pie chart with the names of the schools.

14 (a) Sam wrote the calculation:

$$
\frac{1}{4}+\frac{1}{4}=\frac{2}{8}
$$

Is he correct?

Explain your answer.
Yes $\square$ No
(b) Think about the fraction $\frac{1}{5}$

How many of them add to make 1 ?
$\square$

15 Here is a net of a 3-D shape.

When the net is folded, what 3-D shape will it make?
Tick $(\checkmark)$ the correct answer below.

Cube
Prism
Square-based pyramid

Triangular-based
pyramid
Cuboid

16 Amit says:

When you add three odd numbers the answer is always even.

Is he correct?

$\square$ No

Explain how you know.
$\square$

17 A teacher asked each pupil in her class:
'How many calculators do you own?'

The frequency table shows the results.

| Number of calculators | Frequency |
| :---: | :---: |
| 0 | 5 |
| 1 | 22 |
| 2 | 1 |

(a) How many pupils are in the class?
pupils
(b) Altogether, how many calculators do the pupils in the class own?
calculators

18 Kim is thinking of a number.

$\square$

19 A rectangle measures 4 centimetres by 8 centimetres.

Kelly uses three of these rectangles to make a larger rectangle.

Work out the distance around the outside of this larger rectangle.

20

## Box A

One black and three white counters

Box B

Two black and three white counters
(a) I am going to take a counter from one of the boxes without looking. Which box gives the higher chance of taking a white counter?
Box A $\square$ Box B

Explain your answer.

(b) I am going to take a counter from box C without looking.

It is just as likely that I will get a white counter as a black counter.
Show what counters might be in box C .

## Box C

$\square$

21 The diagram shows part of a block of flats.
There are four flats on each floor.

(a) What are the numbers of the flats on the $\mathbf{1 0 t h}$ floor?

1 mark
(b) On what floor is flat number 60?
