Paper 2: reading booklet and reading question booklet

The following information explains how to administer the braille version of the key stage 1 English reading test: Paper 2. Modified test administration guidance is available at www.gov.uk/sta. If you have any questions you should check with your headteacher or key stage 1 test co-ordinator before you administer the test.

Pupils should be given the opportunity to attempt Paper 2 but administrators can stop an individual pupil at any stage of the test, if the pupil is struggling. Please follow these instructions correctly to ensure that the test is properly administered. Failure to administer the test correctly could result in a maladministration investigation.

Format	<ul style="list-style-type: none">● Paper 2 consists of a reading booklet and a separate question booklet.● There are printed transcripts of the braille booklets to help test administrators.● It is expected that the standard version of the test will take approximately 40 minutes to complete, but it is not strictly timed. Pupils using braille tests are automatically entitled to up to 100% additional time.● It is at your discretion to choose when or if a pupil requires a break during the test or whether, if appropriate, to stop the test early.● This paper does not include practice questions or lists of useful words.● You must refer to the printed transcript rather than the standard test questions when administering this test.
Equipment	<p>Each pupil will need the equipment specified below:</p> <ul style="list-style-type: none">● a suitable way of recording their answers, such as a braille, blue/black pen, pencil or word processor (i.e. the usual way they write in class)● braille paper (if the pupil is brailleing their responses). <p>Pupils may use the following, if this is normal classroom practice:</p> <ul style="list-style-type: none">● technical or electronic vision aids, including low-vision aids such as closed-circuit television or JOCR scanners. <p>Pupils may use monolingual English electronic spell checkers, provided they do not give definitions of words, or highlighter pens if this is normal classroom practice. Pupils must not use a dictionary.</p>
Assistance	<ul style="list-style-type: none">● You may help pupils to locate pages/paragraphs in the text, as well as the questions in the reading question booklet, but you must be careful that nothing you say or do could be interpreted as giving pupils an advantage. For example, indicating that an answer is correct or incorrect, or suggesting the pupil looks at an answer again.● The English reading test must not be read to individuals or to a group, except for the general instructions.● If a pupil asks a question about test content, you must not explain any words or expressions. <p>The example below illustrates how to deal with a common query:</p> <p>Q. I don't understand the question.</p> <p>A. Read the question again and pay attention to the key words that tell you what to do.</p>
Guidance for specific questions	<p>Minor changes have been made to the wording and layout of some braille text both in the reading booklet and the question booklet.</p> <p>Q1, Q10, Q11, and Q14. Braillists should write down the letter of their chosen answer.</p> <p>Q2, Q8 and Q12. Braillists should write True or False for A, B, C and D.</p> <p>Q7. Eight cards are provided for this question. Test administrators should place the four 'Games' cards on the table in the following order: Oonch Neech, Pilolo, Statues, Pass the Parcel. Braillists should be asked to match these games to the four cards showing what the text says you need to win each one: Energy, Speed, Luck, Balance.</p>

Guidance for specific questions (continued)	<p>Q15. Five sentence cards are provided for this question. Test administrators should show the five cards to the pupil in the following order:</p> <p>Machines destroyed the pond. The ducks lived happily in the pond. The ducks were set free on a lake. The ducks were rescued by a helper. The ducks hid in some thick reeds.</p> <p>Braillists should be asked to order these sentences practically to show the order of events in the story. They should place the cards on the table in their chosen order. The test administrator should show the pupil the first card to place i.e. The ducks lived happily in the pond.</p>
Before the test begins	<ul style="list-style-type: none"> • Detach the five cards from the back of the braille booklet. Cut them out and put them to one side until the pupil reaches Q15. • Make sure you have the printed transcript of the braille booklet. • Review the list of pupils with particular individual needs and consider whether they may need rest breaks or other access arrangements. • Ensure you know how to administer any access arrangements correctly. Please refer to the 2018 key stage 1 access arrangements guidance. • Check there are enough administrators to maintain adequate supervision and support during the test. You should consider the possibility that at least one test administrator might need to leave the room with a pupil. • Ensure you understand how to deal with issues during the tests.
What to do at the start of the test	<ul style="list-style-type: none"> • Check that seating is appropriately spaced. • Check that pupils do not have mobile phones or other disruptive items. • Check that pupils do not have any materials or equipment that may give them extra help. • Ensure each pupil who needs it has 1 braille copy of the reading booklet and 1 braille copy of the reading question booklet.
How to introduce the test	<ul style="list-style-type: none"> • You should use these instructions to introduce this paper. • The wording of these instructions can be adapted, provided the meaning is retained. <p><i>This is the English reading test Paper: 2.</i></p> <p><i>Paper 2 doesn't contain a list of useful words or practice questions and I'm not going to read any of the pages aloud to you this time.</i></p> <p><i>There will be different types of question to answer, including:</i></p> <ul style="list-style-type: none"> • <i>writing an answer on a line</i> • <i>choosing the correct answer from a list</i> • <i>deciding if a sentence is true or false.</i> <p><i>This test will take around 80 minutes. This includes your additional time allowance.</i></p> <p><i>Try to answer as many questions as you can. If you can't answer a question, you should move on to the next one and come back to it later on if you have time.</i></p> <p><i>If you start to find the reading or the questions too hard, you should stop working.</i></p> <p><i>If you want to change an answer, you should put a line through the answer you don't want to be marked or use a series of 'for' braille signs (all 6 dots).</i></p> <p><i>You need to work quietly on your own. You need to think of your own answers and you must not discuss them with anyone else.</i></p>

How to introduce the test (continued)	<p><i>Read the questions carefully and check your work.</i></p> <p><i>If you have any questions during the test, put your hand up and wait for me/someone to come over to you. Remember, I/we can't help you answer any of the test questions or read any of the words to you.</i></p> <p><i>Do you have any questions?</i></p> <p><i>Write your name on the front of the answer booklet and start the test.</i></p> <p><i>Now start the test.</i></p>
How to deal with issues during the test	<p>It is impossible to plan for every scenario. Whatever action you take, pupil safety must always be your first consideration.</p> <p>In the following circumstances, you will need to stop the test either for an individual pupil, a group of pupils or for the whole cohort:</p> <ul style="list-style-type: none"> • test papers are incorrectly collated or the dots have been printed incorrectly • an incorrect test has been administered • a fire alarm goes off • a pupil is unwell • a pupil needs to leave the room • a pupil is caught cheating. <p>If you need to stop the test:</p> <ul style="list-style-type: none"> • make sure the pupils are kept under test conditions and that they are supervised • if the pupils have to leave the room, ensure they do not talk about the test • speak to your test co-ordinator or a senior member of staff for advice about what to do next • consider contacting the national curriculum assessments helpline on 0300 303 3013 for further advice. <p>You should brief your headteacher on how the incident was dealt with once the test is over.</p>
What to do at the end of the test	<ul style="list-style-type: none"> • Follow your school's procedure for collecting and storing the pupils' test scripts. • If you need to make a transcript of a test script, complete it with the individual pupil at the end of the test under test conditions. Particular care should be taken to ensure accurate transcriptions are made and the pupil's answers are not corrected or amended. • All test materials, including printed transcripts, must be stored securely until Friday 1 June.
Marking the tests	<ul style="list-style-type: none"> • Use the key stage 1 test mark schemes and the amended mark schemes for braille to mark the test, following both the general guidance and any specific guidance for each question.
