How to introduce the test

- It is recommended that you spend at least 5 minutes introducing each section of the paper to the pupils.
- The paper contains a number of practice pages to familiarise the pupils with each text and to introduce the question formats they will be required to respond to throughout. These are designed to be read by the teacher with the pupils.
- The practice pages at the beginning of each section also provide the opportunity to discuss setting and characters in the case of fiction, and content and context in the case of non-fiction.
- Test administrators will need to plan time to go through the practice pages with the pupils at specific intervals throughout the test.
- You should use these instructions to introduce the English reading test. The wording of these instructions can be adapted, provided the meaning is retained.

This is the English reading test: Paper 1.

The test will take around 60 minutes. This includes your additional time allowance.

We are going to spend some time going through the practice page for the first text in the booklet together. When we have done that, you'll need to answer the questions quietly on your own.

Try to answer as many questions as you can. If you can't answer a question, you should move on to the next one and come back to it later on if you have time.

When you have answered the questions for the first text, you should check your work carefully. Then we'll go through the practice page for the second text.

There will be different types of question to answer, including:

- *writing an answer*
- *choosing the correct answer from a list*
- *deciding if a sentence is true or false*

If you want to change an answer, you should use a series of 'for' braille signs (all 6 dots).

If you have any questions during the test, put your hand up and wait for someone to come over to you. Remember, we can't help you answer any of the test questions or read any of the words to you after the practice page.

Do you have any questions?

Write your name at the top of your braille paper.
