# Introduction

As in previous years, the external marking agency, under contract to QCDA, will mark the test papers. The markers will follow the mark schemes in this booklet, which are provided here to inform teachers.

The booklet includes the mark schemes for the assessment of reading, writing and spelling. For ease of reference, the test questions have been reproduced in the mark schemes. Level threshold tables will be posted on the QCDA website, <http://testsandexams.qcda.gov.uk>, on 21 June 2010.

The marks in the tests are allocated as follows:

<b>Reading</b>	<b>50</b>
<b>Writing</b>	<b>50</b>
Longer task (including handwriting)	31
Shorter task	12
Spelling	7
<b>Total</b>	<b>100</b>

The mark schemes were devised after trialling the tests with pupils and contain examples of some frequently occurring correct answers given in the trials. The mark schemes indicate the criteria on which judgements should be made. In areas of uncertainty, however, markers should exercise professional judgement based on the training they have received.

The same sets of assessment focuses for reading and writing provide information about the particular processes or skills the pupil needs in order to answer the questions. This information is provided in order to explain the structure of each mark scheme as well as the way in which it will be used by external markers. The assessment focuses are drawn from the national curriculum and are directly related to the National Strategies Primary Framework and the Assessing Pupils' Progress framework.

The 2010 key stage 2 English tests and mark schemes were produced by the key stage 2 English team at the National Foundation for Educational Research (NFER) on behalf of QCDA.

# The reading test

The range of marks available for each question is given under the mark box at the side of the page in the *Reading Answer Booklet*.

Incorrect or unacceptable answers are given a mark of 0. No half marks are awarded.

There are several different answer formats:

- **short answers**  
These may be only a word or phrase, and **1 mark** may be awarded for a correct response.
- **several line answers**  
These may be phrases or a sentence or two, and up to **2 marks** may be awarded.
- **longer answers**  
These require a more detailed explanation of the pupil's opinion, and up to **3 marks** may be awarded.
- **other answers**  
Some responses do not involve writing and the requirements are explained in the question.

The mark scheme was devised after trialling the tests with pupils and contains examples (*these are shown in italics*) of some frequently occurring correct answers given in the trials. Many pupils will, however, have different ways of wording an acceptable answer. In assessing each answer, markers must focus on the content of what has been written and not on the quality of the writing, expression or grammatical construction, etc.

## Assessment focuses for reading

The aspects of reading to be assessed are pupils' ability to:

1. use a range of strategies, including accurate decoding of text, to read for meaning
2. understand, describe, select or retrieve information, events or ideas from texts and use quotation and reference to text
3. deduce, infer or interpret information, events or ideas from texts
4. identify and comment on the structure and organisation of texts, including grammatical and presentational features at text level
5. explain and comment on writers' uses of language, including grammatical and literary features at word and sentence level
6. identify and comment on writers' purposes and viewpoints, and the overall effect of the text on the reader
7. relate texts to their social, cultural and historical contexts and literary traditions.

## How the reading mark scheme is set out

The following table identifies the questions (with marks available) that address each assessment focus (AF):

  - *because it's a paragraph that's not about gold*
- is in the present tense (compared to the past tense in the other texts).

**Do not accept** general answers, eg:

Assessment focus 3: deduce, infer or interpret information, events or ideas from texts (complex inference).

Award 1 mark for all four matched correctly.

Explain your answer fully, referring to the different texts.

**up to 3 marks**

Assessment focus 6: *identify and comment on writers' purposes and viewpoints, and the overall effect of the text on the reader.*

Award **3 marks** for answers which refer to the relevance of the title to **both** King Midas **and** the information about the gold rush, **and** also refer to the booklet being related to the desire for riches, eg:

- *because in the story and comic strip he dreamed of having lots of gold. In the rush for gold everybody dreamed of having gold so they all went to the Yukon. It is a dream to have lots of gold and be wealthy*
- *I think the booklet is called Golden Dreams because it is about people who have dreamed about gold like Midas wanted to be rich so he wanted gold. **Page 15** (continued)

Award **1 mark** for answers which refer to the relevance of the title to **either** King Midas **or** the information about the gold rush, eg:

- *I think it's called golden dreams because King Midas wished for gold and got what he wished for*
- *in the gold rush the seekers had a desire for gold*
- *because there's a story about a man who dreams that he was rich and he gets it but doesn't like it and the rest of the booklet talks about gold.*

Award **1 mark** for a general statement about the content of the whole booklet being related to the desire for riches, eg:

- *the booklet is about gold. Also about having dreams of having all the gold in the world and becoming rich*
- *because people dream of having gold and this booklet is about gold beyond your wildest dreams.*

**Do not accept** responses which refer simply to the subject matter of gold with no development, eg:

- *it's all about one thing, gold.*

**Do not accept** responses which simply list the content of each section without making any connection to the title, eg:

- *it has stories and facts about gold inside, like they have gold facts first, then they have a comic strip about King Midas, then they have a story version of it and after that it has a rush for gold.*

# The writing test

There are two mark schemes, one for the longer task *Looking After a Miptor* (pages 36–39); the other for the shorter task *Simply the Best* (pages 54–55).

## Assessment focuses for writing

The aspects of writing to be assessed are pupils’ ability to:

1. write imaginative, interesting and thoughtful texts
2. produce texts which are appropriate to task, reader and purpose
3. organise and present whole texts effectively, sequencing and structuring information, ideas and events
4. construct paragraphs and use cohesion within and between paragraphs
5. vary sentences for clarity, purpose and effect
6. write with technical accuracy of syntax and punctuation in phrases, clauses and sentences
7. select appropriate and effective vocabulary (this is not assessed separately, but contributes to text structure and organisation and composition and effect)
8. use correct spelling (assessed through the spelling test).

## The mark scheme strands

For the purpose of marking the writing, related assessment focuses have been drawn together into three strands:

- sentence structure and punctuation
- text structure and organisation
- composition and effect.

For the longer task, the strands are organised as follows.

<b>Assessment focuses</b>	
<ul style="list-style-type: none"> <li>■ sentence structure and punctuation</li> </ul>	<ul style="list-style-type: none"> <li>– vary sentences for clarity, purpose and effect</li> <li>– write with technical accuracy of syntax and punctuation in phrases, clauses and sentences.</li> </ul>
<ul style="list-style-type: none"> <li>■ text structure and organisation</li> </ul>	<ul style="list-style-type: none"> <li>– organise and present whole texts effectively, sequencing and structuring information, ideas and events</li> <li>– construct paragraphs and use cohesion within and between paragraphs.</li> </ul>
<ul style="list-style-type: none"> <li>■ composition and effect</li> </ul>	<ul style="list-style-type: none"> <li>– write imaginative, interesting and thoughtful texts</li> <li>– produce texts which are appropriate to task, reader and purpose.</li> </ul>

Handwriting is assessed in the longer task. The marking criteria are shown in section F on page 39.

For the shorter task, the strands are organised as follows.

<b>Assessment focuses</b>	
<ul style="list-style-type: none"> <li>■ sentence structure, punctuation and text organisation</li> </ul>	<ul style="list-style-type: none"> <li>– vary sentences for clarity, purpose and effect</li> <li>– write with technical accuracy of syntax and punctuation in phrases, clauses and sentences</li> <li>– construct paragraphs and use cohesion within and between paragraphs.</li> </ul>
<ul style="list-style-type: none"> <li>■ composition and effect</li> </ul>	<ul style="list-style-type: none"> <li>– write imaginative, interesting and thoughtful texts</li> <li>– produce texts which are appropriate to task, reader and purpose.</li> </ul>

The criteria encourage positive recognition of achievement in writing. Pupils do not necessarily develop uniformly across these categories, and the strands allow separate judgements to be made about the relative strengths and weaknesses of a pupil's work.

## Marking procedures

The criteria for each strand identify typical characteristics of pupils' work in different bands. When marking, it is helpful first to identify which bands are most relevant to the writing and then refine the judgement to a mark within a band. Criteria from lower bands that are also applicable to higher bands should be seen as relevant to higher band descriptors. For example, the criterion *Sentences are mostly grammatically sound* appears in Band A3. However, grammatical soundness should also be taken to be an underlying feature of performance at Band A4 and Band A5, even though it is not explicitly stated at these bands.

Where organisational devices are used to structure a piece of writing (eg *firstly, secondly, finally; furthermore; consequently*), credit should be given for evidence of effective and appropriate use. However, indiscriminate use of such devices (ie where the devices are not integrated meaningfully into the writing) should not be regarded as a positive feature of performance.

The annotations on the example scripts show how to look for features in the writing, and the summary boxes show how to weigh these features to reach a mark.

Where the writing clearly does not meet the criteria for Band 1, a mark of 0 should be awarded.

Pupils will be expected to follow the prompt very carefully, especially in content and form. Pupils whose writing is unrelated to the prompt will not be credited with any marks for composition and effect. Those pupils who do not maintain the form throughout the piece, for example a non-fiction piece becoming narrative, will not have access to the full range of marks for composition and effect.

## Marking the writing

A set of annotated scripts, written by year 6 pupils during the English pre-tests, is presented here to support your judgements of the writing. Scripts are reproduced without corrections to spelling.

## The longer task: *Looking After a Miptor*

In this prompt, pupils are asked to imagine that they have owned and cared for an unusual animal called a 'miptor', and have become experts in this role. The task is to write a guide for looking after a miptor; the prompt makes it clear that the guide's purpose is to give advice and information to a novice miptor owner. Support for content development and organisation of the guide is given on the planning page; however, the details and the identity of the miptor are left entirely to the writer's imagination. Better performances are distinguished by a text structure adapted to allow for the prioritisation and effective sequencing of points for a new owner, combined with the presentation of interesting and relevant advice delivered from an authoritative point of view.

### Looking After a Miptor

Imagine that you are the owner of an unusual animal called a miptor.

You have cared for this animal for a long time. During this time, you have become an expert in looking after it.

**Your task is to write a guide for  
looking after a miptor.**

You should think about the advice and information that a new owner of a miptor would need to know.

You must use your imagination to make up the details.

## Mark scheme for the longer task: *Looking After a Miptor*

### SECTION A

#### SENTENCE STRUCTURE AND PUNCTUATION

Assessment focuses: vary sentences for clarity, purpose and effect

write with technical accuracy of syntax and punctuation in phrases, clauses and sentences

#### Band A1

- Construction of clauses is usually accurate. Some simple sentences, often brief, starting with a pronoun + verb (*She bites them*). Simple instructions / requests may be included (*Give it fruit*). Clauses mostly joined with *and, but, so*.
- Sentences sometimes demarcated by capital letters and full stops.

**1 mark**

#### Band A2

- Simple connectives *and, but, so, when* link clauses; *because* or *if* may be used repetitively. Subjects and verbs often simple and frequently repeated (*It likes, Miptors are*). Some use of modals (*can, will*). Some sentence variation created, eg commands / requests (*Never stroke it*); simple adverbials (*In the morning*). Noun phrases mostly simple (*a basket*) with some limited expansion (*brown furry coat*).
- Full stops, capital letters, exclamation marks and question marks mostly accurate; commas used in lists.

**2–3 marks**

#### Band A3

- Sentences are mostly grammatically sound. Adverbials (*If you let it walk around the garden*), expanded noun phrases (*a small cat body with a long tail*) add variety. Some variety in subordinating connectives: *because, if* (*because it is very slippery*). Some variation of subjects (*Miptors, The best food*). Tense choice generally appropriate; use of modals to express possibility are varied (*will hear you, should sit*).
- Most sentences correctly demarcated; some commas mark phrases or clauses.

**4–5 marks**

#### Band A4

- Simple and complex sentences with some variety of connectives, eg *until, although, who*. Different sentence types, eg questions (*Do you know how?*). Expansion of phrases and clauses adds detail (*left over food that is out of date*). Range of verb forms develops meaning and maintains appropriate tense choice (*it will probably be able to*). Additional words and phrases contribute to shades of meaning, eg adverbs (*extremely*).
- Range of punctuation used, almost always correctly, eg brackets, dashes, colons.

**6–7 marks**

#### Band A5

- Length and focus of sentences varied to express subtleties in meaning and to focus on key ideas, eg passive (*need to be brushed thoroughly*). Sentences may include controlled use of several subordinate clauses (*You also have to know how to hold this creature, which is to be done by grasping the spines*), sometimes for economy of expression (*Be sure to give them plenty of water to keep them hydrated, because ...*); word order used to create emphasis (*A miptor, unlike a dog, only ...*).
- Range of punctuation, with little omission, to give clarity.

**8 marks**

**SECTION B TEXT STRUCTURE AND ORGANISATION**

**Assessment focuses: organise and present whole texts effectively, sequencing and structuring information, ideas and events**  
**construct paragraphs and use cohesion within and between paragraphs**

**Band B1**

- Ideas grouped into sequences of sentences; some division possibly indicated by layout.
- Simple connectives used (*and*). Some connection between sentences, eg pronouns referring to the miptor (*The miptor / it*).

**1 mark****Band B2**

- Text structure overall is simple; includes brief introduction or concluding statement (*Miptors are a lovely pet to have at home*). Some divisions between sections of content indicated (*When you train it*).
- Connections are built up by reference. Other relationships within and between sentences may be used, eg contrast (*but most of the time it sleeps*).

**2–3 marks****Band B3**

- The guide is organised logically: introduction, points about several aspects of looking after the miptor, conclusion. Paragraphs or sections are sequenced, although transitions may be awkward. Subheadings may be used to group sections of content (*Eating, Sleeping*).
- Within paragraphs or sections, content may be developed around a main sentence. Paragraphs or sections organised to expand and develop a particular topic, eg with explanation and/or alternatives (*if the miptor gets really dirty*). Connections within paragraphs or sections maintained, eg through ongoing references (*They will do these things*).

**4–5 marks****Band B4**

- Overall organisation of the guide supported by paragraphs or sections which enable coherent development and control of content across the text. Relationships between paragraphs or sections give structure to the whole text, eg links make structure between topics clear, connections between opening and ending (*In addition to this / The last thing that might affect the miptor is*).
- Within paragraphs or sections, main ideas are developed with relevant detail or examples, eg a paragraph explains an important aspect of the miptor's diet. Reference to the same thing / idea sometimes varied to avoid repetition (*miptor / unusual animal / friendly creature*).

**6–7 marks****Band B5**

- The structure of the guide is controlled across the text (*but just in case, here are some handy notes on what to do*). Sequencing of paragraphs or sections contributes to overall effectiveness, eg strategic placing of most significant topic or suggestion (*If you don't give your animal the most, most important thing of all*). Individual paragraphs or sections are varied in length and structure.
- Each paragraph or section has a clear focus, and content is organised, eg by reference or contrast within the paragraph (*These bad habits can be stopped by*).

**8 marks**

**SECTION C COMPOSITION AND EFFECT**

**Assessment focuses: write imaginative, interesting and thoughtful texts  
produce texts which are appropriate to task, reader and purpose**

**Band C1**

- A short series of points or observations; aspects of the miptor may be listed (*eats dog, cat and fish food*).
- Detail (*two months old*), and/or simple instructions (*call its name*) expand content.

**1–2 marks****Band C2**

- Content of the guide includes some advice about looking after a miptor, some explanation for a new owner (*they need it for exercise*). Coverage may be unbalanced.
- Writer's attitude towards the miptor is sometimes evident (*a miptor is a very cute animal*).
- Word choice often general (*a good pet*), with some detail (*dried dog food*). Some use of impersonal constructions (*It is ok to feed it*); inconsistent use of formal and less formal language (*disease / loads of times*).

**3–5 marks****Band C3**

- Coverage of topics within the guide is balanced; points are developed, eg with explanation and advice (*because it is not harmful and it does not bite*).
- Viewpoint is established and maintained, eg writer shows concern for the miptor's welfare and gives helpful suggestions (*It would be best for your miptor to sleep inside the house*).
- Some straightforward stylistic features used to support purpose. Style of address (eg friendly or formal) contributes to descriptive and factual presentation of the guide, eg words or phrases chosen for accuracy (*short attention span, high temperature room*).

**6–8 marks****Band C4**

- Ideas are adapted; content is selected to be of most relevance to the new owner (*Without its balanced diet, Look for these symptoms*).
- Viewpoint is established and controlled, eg writer appears well informed (*Miptors were a sign of bravery*) and encourages the reader (*the exercise is really simple*).
- Some stylistic features add emphasis and interest, eg descriptive vocabulary (*smooth tusks*); technical / formal terms add precision (*for example, biting its toe winklets (toe nails)*).

**9–11 marks****Band C5**

- Choice and placing of content is informed by purpose, eg writer prioritises comments of most interest to the new owner so they are well placed for emphasis (*This is what's recommended; what they definitely need*).
- Viewpoint well controlled, eg writer gives impression of being authoritative and knowledgeable (*Huge ears, originally to let body heat out*).
- A range of stylistic features, eg patterning, figurative language, sentences, clauses or phrases for effect (*The Marvellous Miptor, This is your one-way ticket to having the best and healthiest miptor on the block!*).

**12 marks**

**SECTION F      HANDWRITING**

All pupils need to develop a serviceable handwriting style which is legible, clear and encourages the reader to engage with what has been written.

This assessment of handwriting is based on pupils' ability to write legibly and fluently in a sustained piece of writing.

Judgements will be made on the basis of the legibility and clarity of the handwriting throughout the longer task, supported by a closer look at the size and position of words and letters.

**Band F1**

The handwriting is legible and shows some features of regularity in size and spacing. However, overall the script is disjointed and uneven.

**1 mark****Band F2**

Overall, the handwriting is regular with some flow and movement. Letters and words are usually appropriate in size and position but there is some variation.

**2 marks****Band F3**

The handwriting is consistent and fluent with letters and words appropriately placed. The handwriting maintains a personal style to engage the reader.

**TEXT STRUCTURE & ORGANISATION**

You need a giant Miptor tank, Miptor food, rocks, trees (small), logs, a little training course to train on it so it can learn tricks on it, it eats mouse, nits, skin, fish and it likes licking it's food before eating it. They have big spikes on their back to kill the foe if not dead. It is like a small chimp it does go hoo hoo aaa aaa. You need legs and rocks with holes it can climb in them. It is scared and endangered by lions, tigers, gorillas and many other things it has a sharp nose to defend it's self by keeping the foe away. It looks cute but it's vicious it can bite a finger off a man. They need to be fed twice a day the pot will run out after a few days so buy a few aswell. When they get to about 8 or 9 years old you should let them go and mate because they run away anyway so just let them they get so used to being at home so they come back again

<b>SENTENCE STRUCTURE &amp; PUNCTUATION</b>
<b>Summary</b>
Despite the repetition of subjects, there is sufficient evidence for Band A3 in the use of expanded noun phrases, subordination and adverbials. Sentences are mostly supported by accurate demarcation, although the use of commas to mark divisions within the sentence would be necessary for the higher mark in the band.
<b>Band A3 – 4 marks</b>

<b>COMPOSITION &amp; EFFECT</b>

<b>Summary</b>
This guide covers several aspects of a miptor's behaviour and appearance, and some carefully chosen vocabulary provides accuracy and detail, leading to Band C3. **TEXT STRUCTURE & ORGANISATION**

This is my guide to looking after a Miptor.

**Features**  
 A Miptor has very distinctive features. They are about five centimetres tall so are difficult to find and can fit down and in small places such as holes. Most of their body is purple with other colours that match. They have two spikey little ears on top of their head and if they twitch left then they are a male and right then they are female. A cheeky smile, two big eyes, two rosy cheeks and a pair of small delicate wings. These are all purple. They have a fat belly thats blue, two green arms that stick out sideways and two little pink legs.

**Eating**  
 They like to eat things that don't need chewing because they are very lazy. Their favourites are maggots, leeches, cabbage and red hot chilli. You can also buy Miptor snacks at any gardening centre. Beware! They sometimes spit these out!

**Exercise**  
 Like any other human or animal Miptor's need to exercise. They like to do this every full moon at night and will always arrive back at midnight. They also like to get out at Christmas. They love the snow as well so when it's snowing be sure to let them out of their cage.

**Training**  
 Miptor's usually only live till they are three years old and in this time they can not be potty trained, so don't be surprised to find wet patches. In fact Miptor's can't be trained to do anything! Just let them run free!

**Habits**  
 Miptor's have a lot of unusual habits and most of the time very annoying ones too. The worst one is biting humans toe and finger nails. They also make a lot of mess if they become free of their cage. When they get cross or grumpy they stick their tongue out at you, so don't get affended.

**Personality**  
 Miptors are cheeky, playful messy, bad tempered, irresponsible but above all a great pet! Enjoy!

**Annotations:**

- underdeveloped introduction (below B4)
- section development (B4): section expands the theme of distinctive features introduced in the first sentence
- expansion adds detail (A4)
- varied connectives (A4)
- additional words for shades of meaning (A4)
- range of punctuation (A4): exclamation mark omission apostrophe comma for division
- variation in sentence type (A4): commands
- range of verb forms to develop meaning (A4)
- section development (B4): section tracks idea of unusual habits by varied reference throughout the section
- overall organisation links sections (B4): characteristics summarised in final section link back to previous sections
- brief conclusion (below B4)

SENTENCE STRUCTURE & PUNCTUATION
<b>Summary</b>
Sentence structure features including varied verb forms and connectives, expansion and additional words allow meaning to be developed and indicate award in Band A4; evidence of a range of punctuation justifies the higher mark in the band. COMPOSITION & EFFECT
<ul style="list-style-type: none"> <li>Humorous presentation of miptor as a mischievous character (<i>cheeky smile, stick their tongue out</i>) gives the guide a playful quality (<i>In fact Miptor's can't be trained to do anything!</i>) (C4).</li> <li>Writer is well informed (<i>then they are female</i>); writer's role of providing warnings is established (<i>don't be surprised, don't get affended</i>) (C4).</li> <li>Descriptive vocabulary (<i>twitch, small delicate wings</i>) and precise reference (<i>maggots, leeches</i>) sustains interest and humour (C4); in places repetition slightly weakens effect (<i>They like</i>).</li> </ul>
<b>Summary</b>
This engaging guide seeks to entertain and inform by imaginative adaptation of form and content, indicating award in Band C4. The inclusion of descriptive detail and controlled viewpoint offer a convincing portrayal of the pet's unruly characteristics and merit the award of the highest mark in the band.

TEXT STRUCTURE & ORGANISATION
<b>Summary</b>
Despite the underdeveloped introduction and conclusion, the structure of the text is supported by clear grouping and links between sections, suggesting Band B4. The expansion of ideas within sections contributes to the organisation of the piece and confirms the lower mark; further development of the introduction and conclusion would be necessary for the higher mark in this band.

**SENTENCE STRUCTURE & PUNCTUATION**

**TEXT STRUCTURE & ORGANISATION**

The Miptor is a most **unusual** animal and needs the utmost care. You must make sure you look after it properly, otherwise it will get exceedingly ill.

Because of the miptors **unusually long fur**, it needs grooming regularly otherwise it will get nits, and may have to be put down. It needs **to be groomed** with a wire brush, because any other will not get the tangles out. It is crucially important that you do this, if you value your Miptor.

The miptors stamina is such that it needs a 4 mile walk every day, to keep it fit. If you are not the active type, **this energetic animal** is not for you. (Miptors also need a variety of different routes, as walking the same routes every day can make them less active and **sometimes ill**).

You must be careful not to let you Miptor near a cat. This can make the go into a frenzy, and they can sometimes hurt themselves of other people. Also, **close contact contact** with a cat can cause a Miptor to have a fatal heart attack or liver trouble.

For the good health of your Miptor, you must train it to use the toilet in a human bathroom, as using it anywhere else can give them germs, resulting in **illness**. You must always clean you toilet thoroughly after a Miptor has used it, as Miptor germs can be **life-threatening** to humans.

A miptors diet is very large **and** a miptor is only happy when it is well fed. It needs **to be given** three Mac Donalds happy meals a day, with no aception. This is vitally important to **the animals** general bodily wellbeing. Miptors should never be fed vegetables, as this is very bad for their stomach.

I hope these tips and bits of advice will help you look after your miptor for a long time.

**Annotations:**

- link between introduction and next paragraph supports structure (B4)

A miptor is a small animal (mouse size) what you would find under rocks and holes in the ground.

A miptor is about the same size as a mouse and with two sharp horns for catching prey. It is normally red and night ~~rings~~ with blue rings down its tail.

When it is hungry or thirsty it has a habit of breathing fire so it is best to keep it topped up with some food and water.

Miptors need to have a lot of exercise. You can buy running balls for them so they can do about twenty minutes a day.

The animal has two horns so it can hunt animals like shroos, vols, mice, rats and even moles.

Overall, the handwriting is regular with some flow and movement. Letters and words are usually appropriate in size and position but there is some variation.

A Miptor is looks quite like a cat. It has short, but visible ears, a long bushy tail, small claws, (cut every two months at vets), gorgeous colours, such as brown stripes, black and gold highlights and will wear a collar.

Miptors like to be warm, and loves to sleep on a soft basket or cushion bed with a blanket and a cuddly toy.

They like to eat sweet fruits, small chunks of meat (that is cooked and left to cool), cheese and sugar cubes cut up into very small pieces, all year round. In the summer they love to have ice lollies in any flavour, you can even put fruit inside the lollies as a treat! Miptors like to drink warm milk in the winter, and cold milk in Spring and summer, and they always like flavoured water (They only dislike blackcurrant flavour).

The handwriting is consistent and fluent with letters and words appropriately placed.  
The handwriting maintains a personal style to engage the reader.

A Miptor is an animal that has two abilities. It can fly and climb. The Miptor can hide in very small and high places so you'll have to look out for it. Its wings are brightly coloured with a mixture of red, blue and green. It has these astounding colours to attract insects and other things. The Miptor exercises by climbing up and down tall objects.

When you take it on a walk make sure to pick it up when other animals approach. Because it might be tempted to bite or scratch. But apart from that it is very well trained.

It can sit, hover, jump and hang. To teach the Miptor you must speak in a clear and firm voice. If not then the Miptor will get confused and start to get angry.

For its eating times the Miptor can get very hungry at times. For Miptors breakfast it eats ~~and~~ salad. It may even have three if its really hungry.

### Getting to Know Miptars

Miptars are kind, gentle creatures.

They become gradually fonder of the owner over time, so be patient! Do not be offended if your Miptar growls, he is just telling you to wait. Within up to a month, your Miptar should allow you to pat and play with him. If not, don't panic. Keep working on it!

### Miptar Hygiene

Miptars have beaver like teeth, but he won't bite. Brush your Miptar's teeth (once he allows you to pat him) twice a week. Miptars don't have fur to brush, nor claws to clean, but sometimes Miptars develop Montes.

Montes are like fleas, who bite your Miptar's tail. If your Miptar should itch his tail, gently bathe the tail in <sup>warm</sup> water, with a couple of drops of vinegar. The Montes should die if you continue this for three days.

### Training

Miptars are very intelligent, so they don't wet themselves. When your Miptar arrives, immediately show him the front door. When your Miptar

## The shorter task: *Simply the Best*

This prompt presents a notice from a local paper, which appeals for pupils to nominate someone in their school for a 'Simply the Best' award. The task is to recommend a person for the award, explaining why they would be a suitable recipient. Suggestions are provided, but it is clear that pupils are free to develop their own ideas imaginatively. Planning gives support by encouraging the writer to select a nominee and think of reasons to justify this choice. Better performances are distinguished by accurately punctuated, varied and developed sentence structures that are used to build an engaging impression of the nominee, through carefully chosen descriptive vocabulary and reasons selected to persuade and interest the reader.

**I am recommending Leane**

Leane is never sad — she always has a happy spirit. If anyone is sad, she always has really funny jokes to cheer them up and its never failed. Leane always seems to have good advice: for example the other day my best friend was going for an audition and she was really nervous, her hands were shaking, so she asked Leane for some advice. Leane said that she should pretend she was singing to the wall, and forget all about the people watching her. We were all amazed because it actually worked. She is always thinking of others and getting them a drink before she gets herself one. I am recommending Leane for the simply the best award because she really deserves it for all those reasons and many more.

I am recommending Mr Jones

Firstly he is very cheerful and seems to pass on his cheeriness with everyone around him creating a happy classroom atmosphere. He is also never strict and lets people off and helps them frequently. Shouting is not one of the things Mr Jones does either, he prefers to talk or even whisper! (He hardly ever gets angry but when he does (only about once a year) he starts talking firmly). No one likes to upset Mr Jones as that happens not very often.

When people are having trouble with their work he will always come over and give a helping hand. When pupils are misbehaving he normally just goes and asks them politely to stop. (And they always do). Mr Jones is also very polite – always saying 'please' and 'thankyou'. Never once has he forgotten.

Mr Jones is extremely careful not to let anyone misunderstand, so he writes more than three methods up on the board. He once wrote up sixteen methods!!!

That is why I think Mr Jones should win a 'simply the best' award. I hope my form will persuade you to give him the award.

P.S. – I would happy to give any more information or opinions!

# The spelling test

The words omitted from the pupils' spelling test are those printed in **bold** in the version below.

## Collecting

Collecting objects is a popular hobby, with both adults and **children**. You can collect a whole **variety** of things. Lots of people collect stamps, autographs, stickers and model cars. You could even collect more unusual things like telephones and milk **bottle** tops.

Why would you start collecting? You may have a real passion for one **particular** thing or you may enjoy the **challenge** of searching for a rare object. There are many opportunities for **sharing** your **enthusiasm** for collecting through clubs and magazines.

Collecting autographs, or the **signatures** of people, is one of the oldest forms of collecting. Autographs of film stars, politicians, sports **figures**, authors and **musicians** can sell for a lot of money.

People occasionally **forge** or fake autographs, which is **illegal**.

There are several points that may affect the price of an autograph. The autograph of a very famous person is worth **considerably** more than someone who is not very well known. The **condition** of an autograph is very important. Smears, stains and **creases** all make an autograph less **valuable**. An ink autograph is worth far more than one in pencil, as pencil fades over time. You would have to pay the most for a handwritten letter, as it not only has the person's autograph, but it gives some insight into their **character**.

People can become very **excited** about their collections, no matter how big or small. The cost of collecting can vary **enormously** too, as you may pay **hundreds** of pounds for historic books, or go to the beach and find empty shells costing nothing.
