## How to introduce the test

- It is important to brief pupils fully at the start of the test. You should use this script to introduce the English reading test.

*This is the key stage 2 English reading test.*

*You should have a reading booklet and a reading answer booklet in front of you.*

*You will need a blue or black pen or a dark pencil.*

*Write your name, date of birth, school name and DfE number on the front of your reading answer booklet.*

*[If any pupil's name differs from the name provided during pupil registration, instruct the pupil to write both names on the paper.]*

*Open your reading answer booklet to page 3. I will read the instructions to you.*

*You have 1 hour to complete this test, answering the questions in the answer booklet.*

*Read one text and answer the questions about that text before moving on to read the next text.*

*There are three texts and three sets of questions.*

*In this booklet, there are different types of question for you to answer in different ways.*

*The space for your answer shows you what type of answer is needed. Write your answer in the space provided. Do not write over any barcodes.*

*Some questions are followed by a short line or box. This shows that you only need to write a word or a few words in your answer.*

*Some questions are followed by a few lines. This gives you space to write more words or a sentence or two.*

*Some questions are followed by more answer lines. This shows that a longer, more detailed answer is needed. You can write in full sentences if you want to.*

*For some questions you do not need to write anything at all and you should tick, draw lines to or circle your answer.*

*Read the instructions carefully so that you know how to answer the question.*

*The number under each line at the side of the page tells you the number of marks available for each question.*

*As this is a reading test, you must use the information in the texts to help you to answer the questions. When a question includes a page or a paragraph reference, you should refer to the text on that page or in that paragraph to help you with your answer.*

*You should work through the booklet until you are asked to stop.*

*You should try to answer all of the questions. If you can't answer a question, move on to the next one and return to it later if you have time. Remember that you should keep referring back to your reading booklet.*

*Pay particular attention to any instructions within test questions.*

*To make sure your answers can be marked, don't write in the grey areas, on the barcode or on the lines at the top and bottom or the edge of the page and don't crumple your answer booklet.*

*If you want to change your answer, put a line through the response you don't want the marker to read. If you have to use a rubber, make sure you rub out your answer completely before writing a new one.*

*Remember to check your work carefully.*

*If you have any questions during the test, you should put your hand up and wait for someone to come over to you. Remember, I can't help you to answer any of the test questions or read any of the words to you.*

*You must not talk to each other.*

*Are there any questions you want to ask me now?*

*I will tell you when you have 5 minutes left. I will tell you when the test is over and to stop writing.*

*You may now start the test.*

<b>How to deal with issues during the test</b>	<ul style="list-style-type: none"> <li>● It is impossible to plan for every scenario. Whatever action you take, pupil safety must always be your first consideration.</li> <li>● In the following circumstances, you will need to stop the test either for an individual pupil, group of pupils or for the whole cohort: <ul style="list-style-type: none"> <li>- test papers are incorrectly collated or the print is illegible</li> <li>- an incorrect test has been administered</li> <li>- a fire alarm goes off</li> <li>- a pupil is unwell</li> <li>- a pupil needs to leave the room</li> <li>- a pupil is caught cheating.</li> </ul> </li> <li>● If you need to stop the test: <ul style="list-style-type: none"> <li>- make a note of the time</li> <li>- make sure pupils are kept under test conditions and that they are supervised</li> <li>- if pupils have to leave the room, ensure they do not talk about the test</li> <li>- speak to your test co-ordinator or a senior member of staff for advice about what to do next</li> <li>- consider contacting the national curriculum assessments helpline on 0300 303 3013 for further advice.</li> </ul> </li> <li>● You should brief your headteacher on how the incident was dealt with once the test is over.</li> </ul>
<b>What to do at the end of the test</b>	<ul style="list-style-type: none"> <li>● If you need to make a transcript of a test script, complete it with the individual pupil at the end of the test, under test conditions. Particular care should be taken to ensure accurate transcriptions are made and the pupil's answers are not corrected or amended.</li> <li>● Ensure that you inform your senior member of staff or test co-ordinator if you have made a transcript, or if a pupil has used a scribe, word processor or other electronic or technical device. This is so they can complete the appropriate online notification.</li> <li>● Ensure you have collected every test script, and every reading booklet and any unused test materials. Return them immediately to the senior member of staff who is responsible for collating the tests.</li> <li>● Do not look at, review or amend pupils' answers in any way (unless it is necessary to make a transcript). If you tamper with or make changes to pupils' answers, it will be considered maladministration and results may be annulled.</li> <li>● Do not keep or photocopy test scripts for any reason.</li> <li>● Ensure that any unused test materials, including reading booklets, are stored securely until Friday 22 May.</li> </ul>
