# Pirates

## Part 2

The \_\_\_\_\_ lives of pirates were not like the stories that you probably know. Many captains had rules about how their crew should behave. These had to be signed by \_\_\_\_\_ member of the crew. Here are some \_\_\_\_\_:

- Anyone who \_\_\_\_\_ to keep a secret was marooned on a desert island.
- No boys or women were allowed on a ship.

Those who \_\_\_\_\_ the rules were harshly punished. Even though captains didn't like women on board, there were some \_\_\_\_\_ female pirates. Grace O'Malley was a pirate around the time of Queen Elizabeth I. She was arrested \_\_\_\_\_ times but was set free. She retired to live a \_\_\_\_\_ life.

Most pirates were too sensible to keep parrots as pets. Parrots made a mess and \_\_\_\_\_ be eaten by a \_\_\_\_\_ member of the crew!

Just \_\_\_\_\_ a pirate's black flag scared a ship's crew. However, a red flag was more \_\_\_\_\_ as it meant that the pirates \_\_\_\_\_ show no mercy in battle.
